

EAA 301 - Rocky Mountain Chapter

August Agenda: John Berens from the FAA

Date: August 18th
Informal meet-and-greet begins at 6:30 p.m. and our meeting will begin at 7:00 p.m.

Location: This month's meeting will be held at our usual place at the Colorado Skies Academy Building at Centennial Airport: 13025 Wings Way, Englewood, CO 80112

The Building is located on the South side of Centennial Airport NEXT TO the Wings Over the Rockies Museum facility and runway 10/28.

President's Message

Happy August!

I hope those of you that went to AirVenture had a great trip, and that you share some of the highlights with the rest of us.

We need more volunteers for the Ford trimotor. There will be advertising posters, pamphlets, and brochures at the meeting. I want everyone to take a few and find a place to display them and spread the word please.

The fencing at spaceport finally reached the hangars and gates are being installed. I will share the code when I get it and we have a get together there.

Scott Wilson, please give me a call.

Happy flying!

Steve Pasche, 301 President

NO JULY MEETING MINUTES DUE TO AIRVENTURE

Veep Veep from our VP

Young Eagles

The special Young Eagle rally in July was incredibly successful. So much that the 3 organizations we hosted want to do it again next year. Fortunately, they agree that June and our regular Saturday rally would be better. But no plans at this time until early next year.

Chapter Activities

August speaker is John Berens from the FAA. Topics will be Part 91 requirements for airworthiness – similarities and differences between experimental and factory-built aircraft.

Always looking for new speakers, new topics for our chapter meetings. Send your suggestions/offers any time!

Ford Tri-Motor

Steve P is leading the charge, coordinating with Wings for hangar and ramp space. We'll need volunteers to staff the desk and provide escorts to/from the aircraft. Steve has already sent out the first request for volunteers.

AirVenture

Later this year, reports from those who attended plus Hannah & Ryan will report on their experience at Air Academy.

Chapter Calendar

- Aug 18 John Berens (FAA)
- Aug 28 KAPA Tri_Motor Arrives
- Aug 31 – Sep 4 KAPA Tri-Motor Public Flights
- Sept 4 KAPA Tri-Motor Departs
- Sept 15 AirVenture & AirAcademy review
- Oct 20 TBD
- Nov 17 Pat Diamond – winter survival
- Dec 15 TBD

From the Editor's Cockpit

Happy August! As many of you know, I have been working through my flight training with the gracious help of this chapter. I'd like to extend a huge thank you to the chapter both for all of your support in my training, and for sending me to the Air Academy. They have been huge blessings to me and I'm very grateful!

If you have a video, article, photo, or anything else you wish for me to include for next month, please reach out to me at stauffer804@gmail.com. Please try and have anything you want me to include to me no later than the Saturday before that month's meeting. I would love to get some AirVenture Pictures for the next issue!

- Hannah

Did you know that.....

You can get online versions of EAA magazines for Sport Aviation, The Experimenter, and other Specialized field magazines with additional content and more in depth information than is available in the printed version by subscribing to them at <http://www.eaa.org/experimenter> and <http://www.sportaviationonline.org/sportaviation/> (EAA members only)

You can attend regularly scheduled EAA webinars covering a variety of topics, or review archived webinars on www.EAA.org/webinars

You can get online builders assistance from the EAA Hints for Homebuilders Videos at www.EAAVideo.org

You can tap into other sources of information in EAA discussion forums by signing up at <http://eaaforums.org/forum.php>

Learn more about EAA Airventure at www.AirVenture.org.

Find much more information about building and flying your own aircraft on www.EAA.org

EAA SportAir Workshops are an excellent way to get hands on experience with a variety of different skills, and is well worth the expense IMHO. Check out the latest courses, dates and locations at www.SportAir.com.

Young Eagle Schedule

Aug 19 KAPA
Aug 26 KCFO (Boy Scouts & FlyGirls)
Sept 16 KAPA
Sept 22 KCFO (Naval Sea Cadets & Boy Scouts)
Oct 21 KAPA
Oct 28 KCFO (Denver & Adams Public Schools)
Nov 18 KAPA

Announcements:

► Please let Steve know if you are interested in being a volunteer at the Tri-Motor tour coming to Wings Over the Rockies from August 31—September 4. There will be more information at this month's meeting.

Important EAB Regs and Advisory Circulars

This section provides information about the pertinent Federal Aviation Regulations (FARs), Advisory Circulars (ACs), and other key information regarding the building and flying of experimental amateur-built aircraft.

FARs

91.319— Aircraft having experimental certificates: Operating limitations.

21.191— Experimental certificates.

Part 68—BasicMed

ACs

AC 20-27G

Certification and Operation of Amateur-Built Aircraft
AC 90-109 93

Airmen Transition to Experimental or Unfamiliar
Airplanes

AC 90-89 Amateur-Built Aircraft and Ultralight Flight
Testing Handbook

AC 90-116

Additional Pilot Program for Phase I Flight Test

AC 68-1

Alternative Pilot Physical Examination and Education
Requirements (Basic Med)

AC 43.13-2B - Acceptable Methods, Techniques, and
Practices - Aircraft Alterations (aka The Builders
Bible)

Chapter Tools

Randall Eaker is our Chapter tool custodian. If you need to check out a tool for your project please contact him.

Scales

- Aircraft Spruce type
- Electronic/strain gauge type
- (7) - 50 LB cast iron slugs for calibration

Fire Wall Forward

- Oil filter cutter
- Tubing bead-ers: 3/8" & 1/2"
- Tubing bender
- Continental engine valve lifter tool
- Magneto timer
- Top dead center finder
- Tube flaring tool
- 1/2" cylinder wrench. 9/16" cylinder wrench
- Compression tester
- Bore scope
- Pliers, hose spring clamp
- Temperature measuring device (wide range)
- Prop Balancer

Airframe

- Nicopress sleeve tool 53XPJ with gauge
- Nicopress sleeve tool 64CGMP without gauge
- De-burring tool
- Hole flanger - sheet metal
- Electrical connector squeezers
- Panel knock-out punches
- Rivet squeezer - w/two new die sets
- Torque wrenches (2), (large and small)
- Hose clamp pliers
- Tubular rivet set for 1/8" rivets
- Drill guide for drilling cotter pin holes through bolts
- 3x pneumatic rivet gun
- 90 deg.pneumatic drill size 30 bit only.

- air blower gun
- 1/4 inch hose mandrel
- Pneumatic blind rivet puller
- High voltage wire tester

Popular Forums and Web Sites

I am starting a new section in the newsletter that will contain links to popular forums and websites that are utilized by our members in support of building and flying experimental aircraft. If you have a recommendation please send it to me and I will be happy to include it here.
